

Comparing Drop-In and Integrated Accent Lights

The Economical Choice	Long-Lasting, with Stunning Light Quality
 <p data-bbox="289 814 542 846">Drop-in accent light</p>	 <p data-bbox="1073 785 1317 846">12V integrated LED accent (Gen 1.5)</p>
<p data-bbox="289 905 751 999">Consists mainly of an MR16 bulb and a container for that bulb, not sealed from the environment</p>	<p data-bbox="846 905 1292 999">Employs advanced engineering that seals the fixture from the elements, resulting in longer life</p>
<p data-bbox="289 1045 610 1077">No thermal management</p>	<p data-bbox="846 1045 1255 1140">Advanced thermal management, keeping heat away from the LED, resulting in longer life</p>
<p data-bbox="289 1182 756 1245">Reduced lumens (not the full lumens, as indicated on the bulb's box)</p>	<p data-bbox="846 1182 1219 1213">Precise brightness (in lumens)</p>
<p data-bbox="289 1283 708 1346">Some light quality issues, such as halos or scallops</p>	<p data-bbox="846 1283 1268 1314">Uniform light from center to edge</p>
<p data-bbox="289 1388 537 1419">Cutoff beam spread</p>	<p data-bbox="846 1388 1105 1419">Precise beam spread</p>
<p data-bbox="289 1457 735 1520">Noticeable loss of brightness over a few years</p>	<p data-bbox="846 1457 1247 1520">No noticeable loss of brightness during the warranty period</p>
<p data-bbox="289 1558 740 1621">May have to replace the bulb after a few years</p>	<p data-bbox="846 1558 1222 1589">No bulb replacement required</p>
<p data-bbox="289 1663 505 1694">Limited warranty</p>	<p data-bbox="846 1663 1057 1694">10-year warranty</p>
